EDDIE O5

Eddie is a collection of floor-standing modular sofas designed to combine elegance and design functionality, thanks to a thin rounded wooden base covered in fabric or leather, with retractable feet that visually lighten the entire system. The distinctive element is the single-volume seat, available with plain cover or with a horizontal quilting, which gives rhythm and depth to the design. The clean lines, combined with attention to construction details, make Eddie particularly suitable for residential spaces and contract projects that require modularity and visual consistency. In addition to traditional configurations, whether linear or angular, the collection includes double-sided variants designed to articulate space fluidly and generate dramatic central elements suitable for open living or lounge areas. In the following proposals, Eddie is declined in a series of spatial solutions, designed to offer inspiration in defining contemporary environments where comfort and design dialogue with balance.
