## FOSTER LOW SOFA

Design R&D Frigerio

Il carattere intenso dato dai forti tagli geometrici della struttura a cui si contrappone la morbidezza dei cuscini di seduta e schienale definisce l'anima fortemente contemporanea della collezione di divani fissi e modulari Foster con base a terra. Una proposta perfetta per il living domestico, ma al contempo dalla forte vocazione hospitality, grazie anche alle due altezze di schienale disponibili, Low e High: più tradizionale la prima, più decorativa e accentuata nel carattere avvolgente la seconda. Da scegliere singolarmente o da abbinare tra loro nei vari elementi dando vita a configurazioni particolarmente scenografiche, protagoniste dell'ambiente. Foster assicura grande libertà progettuale grazie ai divani fissi a due e tre posti e ai diversi elementi che compongono il sistema modulare: elementi centrali, terminali, angolari, dormeuse, pouf quadrati e a semicerchio. Peculiari sono i moduli a pianta sagomata pensati per interrompere con carattere contemporaneo la linearità delle configurazioni. Il rivestimento è in tessuto sfoderabile o fisso in pelle e arricchito da profili a rilievo tono su tono o a contrasto, ricercato dettaglio tipico della cultura sartoriale di Frigerio.

Vigorous character given by the strong geometrical cuts of the structure, to which the softness of the seat and back cushions are counterposed, define the intense contemporary soul of the collection of sofas and sectional elements of Foster with floor-base. A perfect proposal for the domestic living yet with a strong hospitality calling also thanks to the two available back heights: Low and High. The first one is more traditional, while the second is more decorative, highlighting enveloping features. To be selected separately or to be mixed up to create peculiar scenographic configurations, they become main character of every environment. Foster assures a wide planning freedom thanks to a two- and three-seater sofas versions and to the different elements composing the sectional: central, terminal, corner, chaise longue, dormeuse, squared and semi-circular stools. Unique shaped modules are thought to break with a contemporary character the linearity of the configurations. The cover removable in fabric or fixed in leather is enriched with piping tone-on-tone or in contrast, a typical refined detail of the tailoring knowledge of Frigerio.
